# Acknowledge

As we understand that the eProject is a step-by- step learning environment that closely simulates the class-room and Lab based learning environment into actual implementation. It is a project implementation at your fingertips!! An electronic, live juncture on the machine that allows you to.

- ✓ Practice step by step i.e. ladder approach.
- ✓ Build a larger more robust application.
- ✓ Usage of certain utilities in applications designed by user.
- ✓ Single program to unified code leading to a complete application.
- ✓ Learn implementation of concepts in a phased manner.
- ✓ Enhance skills and add value.
- ✓ Work on real life projects.
- ✓ Give a real life scenario and help to create applications more complicated and useful.
- ✓ Mentoring through email support.

We would like to send a great thank to our professor and others student for the addorable supports during the time in project.

Beside serveral mistakes we had made in the project, we hope to have more oppotunities to widen our knowlledge in web developing world.

We also thank you so much for your information and the “demo” project from India APTECH to help us get more reality experience in this project. Since we have gained more experience from this project, we will not stop learning any thing as much as we can to be more successful in the future.

Your Sincerely,

Team Group 06.

# Synopsis

The Objective of this program we aim is to give a sample project to work on real life projects. These applications help us build a larger more robust application.

The objective is not to teach us HTML/JavaScript but to provide us with a real life scenario and help us create basic applications using the tools.

Hence, we can revise the chapters before we start with the project.

This project is meant for students like us who have completed the module of HTML5. These programs should be done in the Lab sessions with assistance of the faculty if required.

This Project will help us how to make an application for people in a family and connect them through games that they can play together, or just having fun with friends that have the same hobbies.

It is very essential for us that will have a clear understanding of the subject. We think we should go through the project and solve the assignments as per requirements given.

And get back ***[eprojects@apttech.ac.in](mailto:eprojects@apttech.ac.in)*** as the assigned schedule.

# Problem Definition

## 1. Project Specification:

- Website provides variety of indoor and outdoor picnic games for kids, male, female, or family
- A single-page application and responsive website
- Can work in multiple browser: CocCoc, Chrome, Internet Explorer, OperaGX,...
- Website be designed as a Single-Page-Application and responsive Website, including pages and menus that represent choices of activities.

## 2. The Website will be created based on these following requirements:

- \* **HomePage**(index.html): include logo, Website's name, Navigation links (Categories) , search bar , some images of recommended games
- \***Categories:** include logo, Website's name, Navigation links (Categories) , search bar, some recommended games's image of each categories
- +Each game will show its quick details (genre, number of download, rated,...)
- +When click a game will show its full details (including: images, genre, story, link to game on steam or platform can download it, recommend some same genre, categories games, demo videos, introduction document, price on steam)

## 1. Site map:

## 2. Problem Statement:

-Website provides variety of indoor and outdoor picnic games for kids, male, female, or family

-A single-page application and responsive website

\*Some recommended Travel location and park for picnic activities:

**500ml Plastic Bottle**

Large-capacity plastic bottle, convenient for families.

Price: 40,000 VND

**1L Plastic Bottle**

Large-capacity plastic bottle, convenient for families.

Price: 50,000 VND

**2L Plastic Bottle**

Large-capacity plastic bottle, convenient for families.

Price: 60,000 VND

**Đà Nẵng**

Thành phố biển năng động với nhiều danh thắng đẹp.

Giá: 500,000 VND

\*Some recommended games:

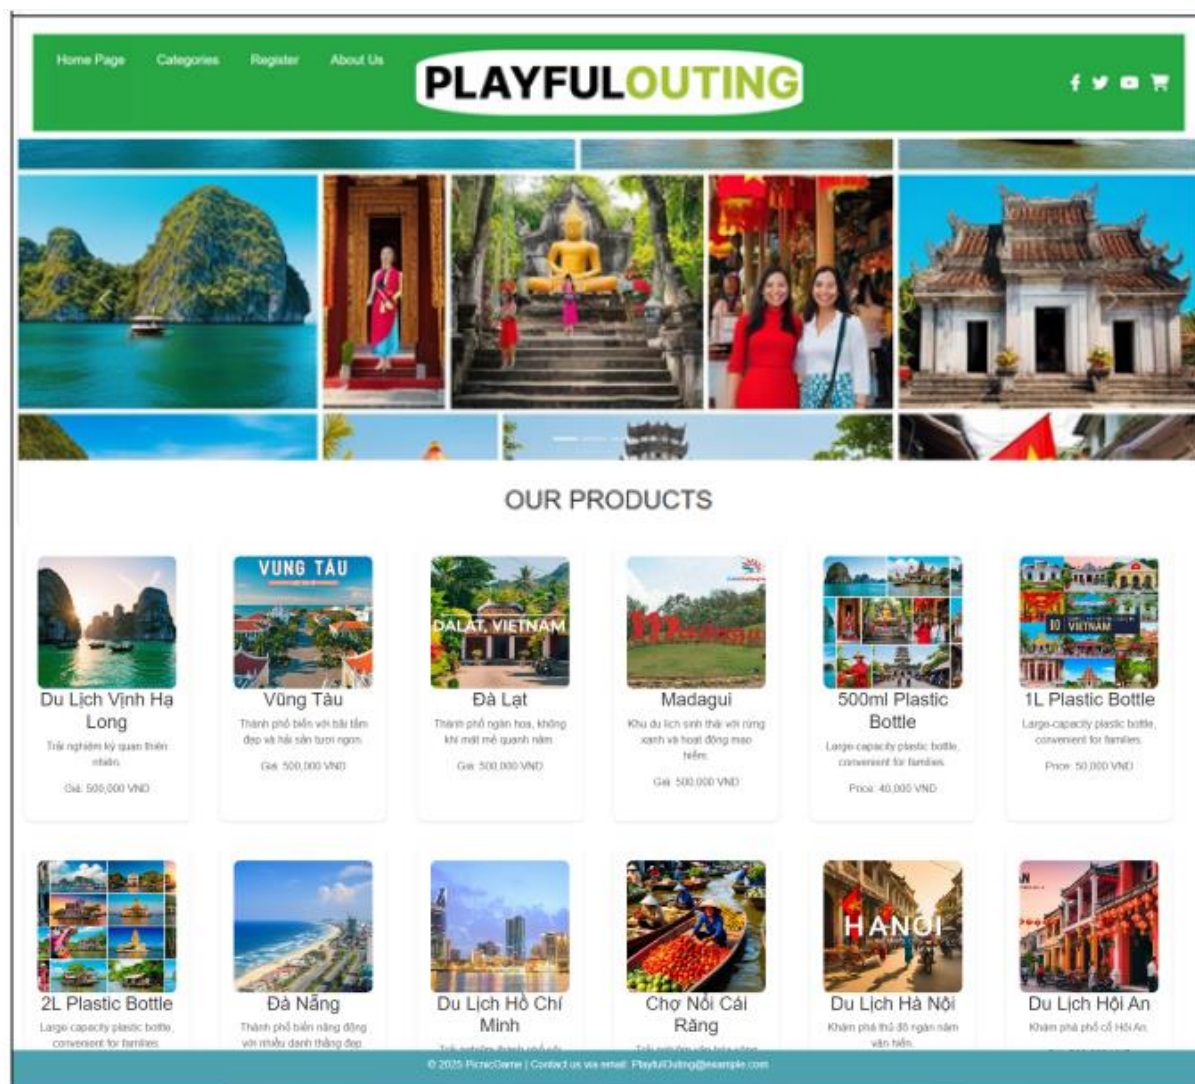

|   |   |   |   |   |
|---|---|---|---|---|
|  <p><b>Cornhole</b></p> <p>Cornhole, còn được gọi là corn toss hay bean bag toss, là một trò chơi tại Hoa Kỳ. Những người chơi lần lượt ném bao nhỏ đựng ngô lên một chiếc bàn thấp có lỗ thủng ở cách đó một khoảng cách nhất định. Ném một bao vào lỗ được thì được ba điểm, và ném lên trên bàn thì được một điểm</p> |  <p><b>Domino</b></p> <p>Domino is a traditional board game popular around the world, especially in Asian and European countries. This game uses small rectangular chess pieces, commonly called dominoes, marked by a line dividing each piece into two squares. Each square can have a certain number of points, or it can be left blank. This game is extremely suitable for entertainment and brain training</p> |  <p><b>Jenga</b></p> <p>Jenga is a game of physical skill created by British board game designer and author Leslie Scott and marketed by Hasbro. The name comes from the Swahili word "kujenga" which means 'to build or construct'. Players take turns removing one block at a time from a tower constructed of 54 blocks</p> |  <p><b>Laddertoss</b></p> <p>Ladder toss, also known as ladder golf, is a game where players throw bolas at a ladder to score points. The goal is to be the first player or team to reach 21 points with a lead of at least two points</p> |  <p><b>Matching</b></p> <p>How to play: For children, they can put each pair of pictures in front of the them to compare the two pictures with each other correctly and teach fruits. With a slightly older children will turn up the position of the pictures to find the right pair.</p> |

of the destinations. When the pointer point each picture in the gallery, it will show up the information of the place.

**From** : This screen seems to have been accessed from the "Home" or main menu of the "Playful Outing" website.

**To** : From this page, users can navigate to other pages such as:

- Booking pages for specific destinations.
- Additional information or introduction pages for the destinations.
- A section for customer reviews.
- Possibly other tourist destination pages or general tourism information pages.

Other pages on the website, such as:

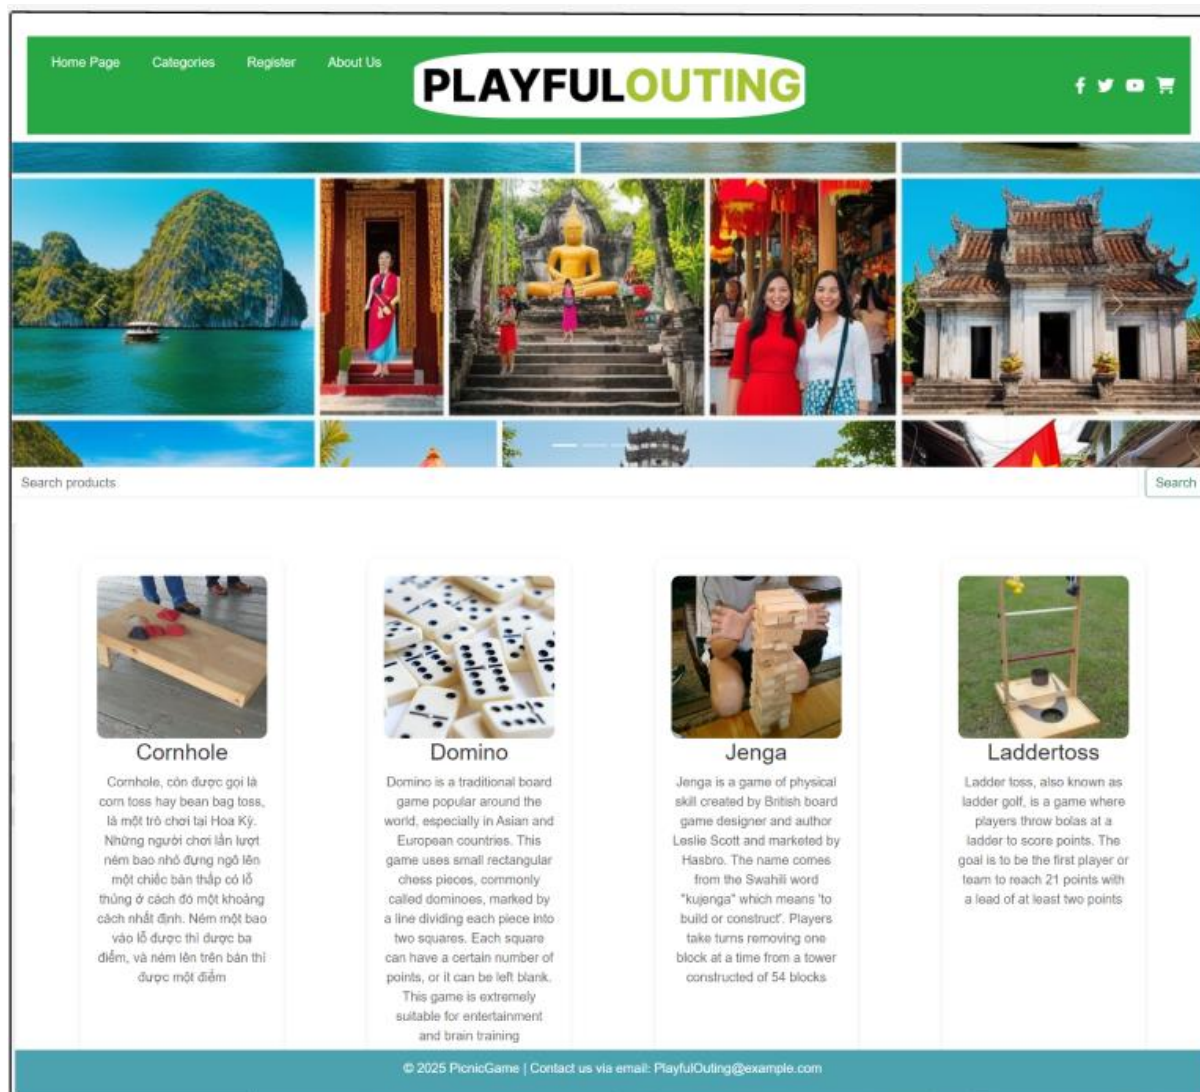

- **Categories:** A page with likely providing a lot of games to user.
- **Types**(possibly for filtering games or content by type).
- **Register:** A page to create an account or sign up for the platform.
- **Contact Us:** A page with information to connect with the website administrators or learn more about their services.

## Checklist Of Validation

| Sr.No | Features Tested  | Remarks |
|-------|--|---------|
| 1     | Do all numeric variables have a default value of zero?                               | yes     |
| 2     | Does the administrator have all the rights to create and delete the records?         | yes     |
| 3     | Have all the Design and Coding Standards been followed and implemented?              | yes     |
| 4     | Is the GUI design consistent all over?   | yes     |
| 5     | Is the navigation sequence correct through all the forms/screens in the application? | yes     |
| 6     | s exception handling mechanism implemented in all the screens                        | yes     |
| 7     | Have all the modules been properly integrated and are completely functional?         | yes     |
| 8     | Are all the records properly fed into the appropriate database?                      | yes     |
| 9     | Are all the program codes working?   | yes     |
| 10    |  |         |
| 11    |  |         |
| 12    |  |         |
| 13    |  |         |
| 14    |  |         |
| 15    |  |         |

## Submission Checklist

| Sr.No | Aspected Tested   | Suggestion/<br>Remarks |
|-------|---|------------------------|
| 1     | Are all the users able to view the images and links?  | yes                    |
| 2     | Have all the views, modules and controllers been properly integrated and is the site function as a single page application? | yes                    |
| 3     | Are the GUI content devoid of spelling mistakes?  | yes                    |
| 4     | Is the application user-friendly?   | yes                    |
| 5     | Is the Website launching correctly in all popular browsers?   | yes                    |
| 6     | Are all the forms validated with proper criteria?   | yes                    |
| 7     | Do all text links lead to the appropriate website?  | yes                    |
| 8     | Do all image links lead to the appropriate website?   | yes                    |
| 9     | Are all the images and links clearly visible on the page?   | yes                    |
| 10    | Does the Web page work properly in all the tested browsers?   | yes                    |
| 11    | Does the Web page take too long to be loaded fully?   | yes                    |
| 12    | Is the navigation sequences correct through all the Web pages on the site?  | yes                    |
| 13    | Is the JavaScript code working as expected in all click events?   | yes                    |
|       |   |                        |
|       |   |                        |
